Features & Benefits

- A [Circle Stainless Steel Bike Rack](#), usually shortened to bike rack and also called a bicycle stand, is a device to which bicycles can be securely attached for parking purposes.
- A bike may be free standing or it may be securely attached to the ground or some stationary object

such as a building.

- Indoor bike racks are commonly used for private bicycle parking, while outdoor bike racks are often used in commercial areas.
- Galvanized bike racks are the best value finish. They are inexpensive, and provide a thin layer of zinc for corrosion protection.
- The appearance is a dull gray color, with little to no shine.
- Efficient space - it is directly stored two bicycles.
- Customer-specific site
- Easy to use, safe and organized parking
- Personal shelves - each space bike
- German design and quality
- Patented clamping mechanism to keep bike safe place
- Stand-alone design, no anchor
- Easy to assemble

Warranty:

Lifetime Warranty

When we say "We bring the power of cycling to life, we mean it". Talk's cheap. That's why you'll see lifetime warranties on our Suzhou Pioneer racks. Not three years, not five, but for as long as the original buyer owns it. Because we firmly believe that cycling is a lifetime sport. So why settle for anything less from the equipment that helps you enjoy it.

Official Warranty Term

Suzhou Pioneer vehicle Co.,Ltd, warrant our product to the original consumer to be free from defects in materials and workmanship. Please retain your sales slip for your records as proof of purchase will be required.

Warranty Term

Auto Racks: As long as you own product
