Features of Bike Repair Stand

- Come with adjustable height features, allowing users to set the stand at a comfortable working level.
- A sturdy and adjustable clamp mechanism securely holds the bike in place.
- Our [bike repair stands](#) are designed to be foldable, making them portable and easy to store. This is convenient for users who have limited space in their workshops or need to transport the stand to different locations.
- With a built-in tool tray or holder to keep tools and small parts within easy reach. This helps users stay organized during the repair process.
- Allows for swift and easy setup and removal of the bike from the stand. This feature is especially handy for users who need to work on multiple bikes.

FAQ

1. Can you print our logo on the products?

- Yes, of course. Just give us your logo image and tell us your requirements, your logo will be perfectly shown on it.

2.Can we make our own design on the packaging?

- Sure, most of our clients are using their self-designed packaging.

3.If we can make some change to your products?

- Customization is welcomed! We are glad to assist you in making the products better and we will protect your design.

4.What's your lead time?

- Normally 7 working days for sample, 30 working days for mass production.
