

Product Description:

Product Name	2022 Stainless Steel Inverted U Bike Rack Storage Stand Parking
Model No.	PV-0041-01
Material	Stainless Steel
Capacity	2 bikes
Application	Outdoor bike parking
Packing Details	PE Foam+Carbon Box+Pallet
N.W/G.W	9.3kg/10.23kg
Dimension	95*15*85CM or customized
Color	Black,Sliver
Surface Treatment	Powder Coated&Polish

Detailed Features:

A [stainless steel U bike rack](#) is a type of bike rack designed to securely hold bicycles in a U-shaped structure. It is typically made from stainless steel, which provides durability, corrosion resistance, and a sleek appearance. U-shaped bike racks offer a secure locking point for bicycles. The design allows the frame and wheel of the bike to be secured with a U-lock or cable lock, providing a reliable deterrent against theft. Stainless steel construction adds to the overall stability of the rack, ensuring that bikes are held firmly in place.

- Custom-made for specific sites;
- Easy-to-use, safe and organized parking;
- Individual racking - one bike for space;
- German design and quality;
- Patented gripping mechanism keeps the bike securely in place;

- Mount up to 10 bikes with 5 secured above the other 5;
- Freestanding design requires no anchors;
- Easy assembly;
- Deep wheel trays guide bike into rack;
- Full-length wheel trays keep bikes upright;
- Staggered bike positioning saves space and provides added clearance between bikes;
- Modular design allows for easy expansion with multiple racks side by side;
