Product name	Bed Truck Bike Rack for Pick up Bike Transport Trucks
Model Number.	PV-0082-01
Material	Carbon steel
Capacity	4 bicycles
Application	Outdoor bicycle parking
Packaging Details	PE foamCarbon boxPallet
N.W/G.W	11.2 kg/13
Dimension	89*76*69.3cm or customized
Colour	Black, Siver
Surface treatment	Powder coating & Polish

## Detailed features:

[Bed truck bike racks](#) are designed to transport bicycles in the bed of a pickup truck. Here are some common features of bed truck bike racks:

1. **Secure Mounting:** Bed truck bike racks typically have a secure mounting system to keep the bikes stable during transportation. This may include adjustable clamps or straps to fasten the bikes securely.
2. **Compatibility:** They are designed to fit various truck bed sizes and can be adjustable to accommodate different bike sizes and styles.
3. **Capacity:** Bed truck bike racks can vary in the number of bikes they can carry. Common options include racks that can carry two to four bikes, depending on the model.
4. **Easy Installation:** Many bed truck bike racks are designed for easy installation and removal. This allows users to quickly set up the rack when needed and remove it when not in use.
5. **Protection:** Some racks come with features to protect the bikes and the truck bed. This may include padded contact points to prevent scratches on the bikes and the truck.
6. **Versatility:** Some models may have additional features such as the ability to carry other gear or equipment alongside the bikes.
7. **Adjustability:** The racks often have adjustable features to accommodate different bike sizes and

frame styles. This adaptability ensures a secure fit for various types of bicycles.

8. **Durability:** Bed truck bike racks are usually constructed from durable materials such as steel or aluminum to withstand the rigors of transportation and exposure to the elements.
9. **Locking Mechanism:** Some models come with built-in locks or provide compatibility with cable locks to secure the bikes to the rack and help prevent theft.
10. **Compact Storage:** Many bed truck bike racks are designed to be compact and foldable for convenient storage when not in use.

## After sales service
