Detailed Features:

This standard version of our Double Stacker is heavy-duty, incredibly robust and is virtually maintenance-free. This two tier system is free standing and is supplied flat-packed (installation service also available). The Double Stacker is the most space saving cycle parking product available, combining staggered high and low positions over two tiers of cycle parking. One of the few two tier racks that are designed and manufactured in the China, resulting in short lead times and bespoke designs and styles to suit your project and budget.
