## Detailed Features:

This standard version of our Double Stacker is heavy-duty, incredibly robust and is virtually maintenance-free. This two tier system is free standing and is supplied flat-packed (installation service also available). The Double Stacker is the most space saving cycle parking product available, combining staggered high and low positions over two tiers of cycle parking. One of the few two tier racks that are designed and manufactured in the China, resulting in short lead times and bespoke designs and styles to suit your project and budget.

- Custom-made for specific sites
- Easy-to-use, safe and organized parking
- Individual racking - one bike per space
- German design and quality
- Patented gripping mechanism keeps the bike securely in place
- Mount up to 10 bikes with 5 secured above the other 5
- Freestanding design requires no anchors
- Easy assembly
- Deep wheel trays guide bike into rack
- Full-length wheel trays keep bikes upright
- Staggered bike positioning saves space and provides added clearance between bikes
- Modular design allows for easy expansion with multiple racks side by side
- Locking Stretch Rack includes solid steel lock rod
- Accepts cable locks and U-locks (locks not included)

# FAQ

## **1.Can you print our logo on the products?**

- Yes, of course. Just give us your logo image and tell us your requirements, your logo will be perfectly shown on it.

## **2.Can we make our own design on the packaging?**

- Sure, most of our clients are using their self-designed packaging.

## **3.If we can make some change to your products?**

- Customization is welcomed! We are glad to assist you in making the products better and we will protect your design.

## **4.What's your lead time?**

- Normally 7 working days for sample, 30 working days for mass production.
