

## Description

[Space saving garage bike storage](#) usually refers to storage solutions that maximize the use of limited space in a garage while accommodating bikes. Some popular options include:

- Bike Racks: These can hold multiple bikes and can be mounted on the wall, ceiling or floor to save space.
- Bike Hooks: These are simple hooks that can be attached to the wall and are used to hang bikes vertically.
- Bike Shelves: These are shelves with specialized hooks or arms to hold bikes securely, freeing up floor space in the garage.
- Bike Lifts: These are pulley systems that lift bikes to the ceiling, freeing up floor space.
- Overhead Racks: These are racks that attach to the ceiling and can hold multiple bikes.

Choose a storage solution that fits the number of bikes you have and the size of your garage.
